Representative Sean Garballey
The State House, Room 540
Boston, MA 02133

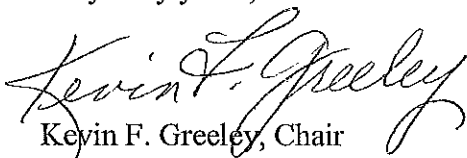

Dear Representative Garballey:

The Board of Selectmen, acting in support of a request from the Arlington Bicycle Advisory Committee, wish to encourage you to support State Legislation which could benefit bicycling and road safety in Arlington, and indeed, throughout the State. We hope that Arlington's State Delegation will support the Act to Protect Vulnerable Road Users (SD 273 and HD 2137) and the Act to Protect Bicyclists in Bicycle Lanes (SD 284 and HD 2130).

These two bills are important in the protection of cyclists, but they are also important in protecting all vulnerable users on our roadways - including road workers and emergency responders, horseback riders and motorcyclists, and also pedestrians who might be present and at greater risk on our roadways. As we want to encourage transit modalities which do not contribute to carbon pollution, we feel it is necessary to support a safe environment which protects these user.

We support these efforts, and we hope that you will work together to support them on our behalf.

Very truly yours,

Kevin F. Greeley, Chair
Board of Selectmen
