Chapter 70 Resolution

The success of Massachusetts' economy is a result of dedicated commitment and strategic priorities. Beginning as the birthplace of public education in America and advancing to the 21st century, student achievement in Massachusetts is frequently cited, by various academic measurements, as the best in the nation. This enduring tenet is a key ingredient to the strength of our State's economy. Strong public schools provide the foundation for successful college students as well as a feeder system for bright, innovative future leaders in the workplace. If we do not take active steps to preserve our commitment to public education, other states will be glad to gain a marginal advantage. After acknowledging that the 1993 funding formula for Chapter 70 contains unrealistic and outdated factors, the Massachusetts Legislature commissioned a study group

known as the Foundation Budget Review Commission in 2014. The task was to determine the cost of providing an adequate education in current times in Massachusetts. The results were released in two phases, one in June 2015 and the other this past November, and they confirmed what educators and local officials have long known to be true: the cost of educating the students of Massachusetts is severely underestimated by the existing funding formula.

As we prepare local FY17 budgets, the Suburban Coalition urges each town's Board of Selectmen, School Committee and Finance Committee or Advisory Committee to adopt the attached resolution that simply asks the Legislature and the Governor to fund the recommendations of the Foundation Budget Review Commission.

Especially during the recession, the cost of an adequate education has disproportionately fallen on local taxpayers and the resulting strains on local budgets are not sustainable within the limits of Proposition 2 ½. The Suburban Coalition has chosen this specific area of focus because Chapter 70 is generally the single largest contributor to the bottom line of cities or towns' Cherry Sheets. Additionally, too many cities and towns have struggled with "minimum aid increases" for five or more years, and the timeliness of the Foundation Budget Review Commission's reports makes this the ideal budget cycle. With the release of the Governor's budget proposal, it has become clear that we need to stand together if we hope to see progress with Local Aid.

We would like to track our progress, so please alert us at DorothyPresser@suburbancoalition.org after your boards have voted to send the attached resolution [Chapter 70 Funding Resolution](#) (click to open) to Beacon Hill.

Sincerely,
Dorothy Presser
President
