Hi Jenny - I' writing to express my wholehearted support for the ADU warrant article. Many folks more articulate on the issue than I have already explained why - I can only piggyback on their words: from Barbara Thornton: The ADU Article will open the door to creating a much-needed kind of smaller unit, moderately priced rental housing, "affordable" housing, but not subject to federal income requirements. This is the "missing middle" housing that can increase both supply and affordability because the structures often cost less to build than larger, multifamily units.

I reviewed your excellent memo as well and look forward to a spirited and informative discussion at Monday's ARB meeting.

Thank you
