To the Arlington Board of Selectmen,

We are writing out of concern about the speed at which cars drive down Herbert Road in front of the entrance to Magnolia Park in East Arlington. We have witnessed many cars driving at unsafe speeds, despite the painted crosswalk. Herbert Road runs parallel to Massachusetts Avenue, and during morning and afternoon rush hour we imagine many commuters are using Herbert Road as a substitute for Mass Ave.

The recently renovated Magnolia Park is quite popular and is frequented by many children on a daily basis. Casa Esme Nursery School brings their toddler and preschool-aged students to Magnolia Park daily. Herbert Road is also along the route that many children walk each morning and afternoon on their way to and from Hardy Elementary school, located a few blocks away.

As much as we try to teach safe street crossing skills, children can be very unpredictable and are often distracted when crossing the street. Additionally, during the summer when the playground is most used, there are frequently school buses bringing soccer teams to play at Magnolia Field and the adjacent Thorndike Field. The buses will park temporarily on the side of Herbert Rd, which greatly reduces the visibility for drivers. The buses block the view of a child getting near a crosswalk, and for cars that are not driving slowly, this causes a lot of slamming on the brakes as well as honking.

As the enclosed petition will attest, there are many of us in the neighborhood who are respectfully requesting the addition of a speed bump/table/raised crossing to the intersection of Magnolia Street and Herbert Road. Keeping in mind the news of several injuries and fatalities of grown adults while in a crosswalk in Arlington in recent years, we hope you will consider this request to be in the best interest in the safety of our children.

Thank you for your consideration,

Ceilidh Yurenka, 68 Fremont Road,

Sharon Jacobson, 72 Magnolia Street

On behalf of many other Magnolia Park Parents and Neighbors
