Subject:

Hello, I want to express my support of the zoning amendments to be presented to the April 2019 Town Meeting. I am an Arlington resident for 6 years. If additional changes such as added density bonuses for adding affordable housing units are suggested, I am in favor.

I would also like to show my support to the Department of Planning staff for undertaking the work to draft and present the amendment's. I encourage the Redevelopment Board to approve all proposed amendments.

Thank you,

Brian Smith □
