Re: Monthly Financial Reporting Packet
Date: April 25, 2019

Attached you will find a copy of the monthly financial reporting packet for the period ending 3/31/2019. There are three different reports for your review. Included are separate monthly budget tracking reports for each of the three different funding source categories: general fund (town appropriation), grants funds (state and federal), and revolving accounts.

General Fund Report

The general fund expenditure report includes spending through 3/31/2019, and is summarized by object code. You may be used to seeing this format as this is consistent with the reporting that has been used in the past. This report is a year to date budget report, created directly from MUNIS. Combined with columns for our projections for the remainder of the year, we arrived at the 'available budget' total that you'll find in this report. The bottom line unencumbered balance is currently projected at \$281,421. It is important to note that this does not mean that we expect there to be a surplus, but instead represents the total remaining after all known expenses at the time of this report have been encumbered.

Grant Accounts Report

The grant account report includes a year to date tracking of revenue and expenditure totals for each of our FY19 grant accounts. This report includes both federal and state grants. Currently all of these grants we included in our budget plan have been approved, and are active. Our current spending is in line with our budget plan, and we don't expect there to be any issues.

Revolving Accounts Report

The revolving account report includes year to date tracking of revenue and expenditure totals for each revolving account. The current projections are in line with the approved budget plan, and we don't expect there to be any budget issues.
