Representatives of Good Energy

Mr. Chapdelaine invited Philip Carr from Good Energy to make his presentation to update the Board on the Community Choice Aggregation and celebrate its success. The Contract expires at the end of this year and will need to be renewed. The Town will be putting it out to bid for December. Mr. Chapdelaine added that this program has saved ratepayers over two million dollars over the duration of the program. The Board then discussed their pleasure with the success of this program. The Board is authorizing the Town Manager to enter a 36-month contract with the goal of maintaining Town savings over the length of the contract and increasing the mix of renewables to a percent that the Town Manager finds feasible and sustains our membership in the default.
