# Score Guide & Help Page

**APS Assessment Data Bank Score Guide & Help Page** 2

## How to Navigate the APS Assessment Data Bank
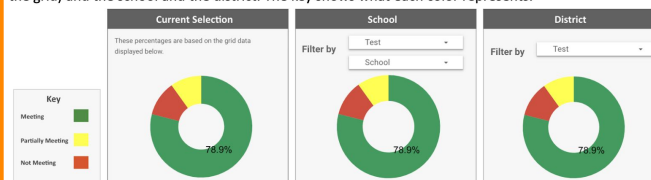

**To move from page to page:**

1. Click the right or left arrows or
2. Click the page name and use the drop down

**New Data Viewing Options for this Year**

**Percentage Wheels**

These charts show a comparison of student scores between the current data selection (what is listed in the grid) and the school and the district. The key shows what each color represents.

**Filter by**

This year, in order to see scores for a particular assessment, you'll click the "Test" dropdown and choose the assessment data you'd like to see. In the example below, the Fall DRA Level scores are shown. The color key lets you know if a student is meeting, partially meeting, or not meeting the benchmark.

Because no other filter was selected in the view below the scores being displayed are for all schools, teachers, and students. Each student is meeting the benchmark.

| Questions about entering reading assessment scores | | | |
|---|---|---|---|
| Name (optional) | Question | Fix In progress | Done |
| Before adding your question, read through what's here. Your question may have been answered already. | | | |
| [redacted] | What do you do if you notice that student information is incorrect? Is there a way to edit the information? You can change scores in your spreadsheet but you cannot edit anything in the Data Bank. Please check your scores. Email me if what is in your sheet is not displaying correctly in the Data Bank. | | |
| [redacted] | It seems that November Sounds is missing from the Kindergarten spreadsheet. We are working on that now. | √ | |
| [redacted] | I am missing three students on there and 2 of them are ELL students We are working on adding the missing students now. | √ | |
| [redacted] | How do we add/remove students who have moved or joined the class? I can sort by IEP but not ELL. If you get a new student, please add s/he one of the bottom two rows that are marked n/a. Students who have left the district will be removed at the end of the year. | | |
| Some students have IEPs but are not listed as such on the Peirce Data Bank: | [redacted] | √ | |
