Re: 821 Mass. Ave. (Dr. Atwood House)

Dear Board,

Apologies for the repetition, but I was stimulated by the recent TV appearance of CVS's CEO offering public service assistance during the current pandemic. Among the various possibilities for preserving the historically significant Dr. Atwood House, repurposing might be achieved if the owner could lease the house to CVS as was done with the previous parcel. If CVS can have a headquarters in Woonsocket, Rhode Island, then perhaps it can have an administrative facility or office in a house with a medical history next door to its pharmacy in Arlington, Massachusetts.

Sincerely,

John Atwood
