Re: OUTDOOR RESTAURANT AND RETAIL PERMIT

Board of Health
Building

Planning: Ali Carter, Economic Development Coordinator

The proposed outdoor seating application is for 5 tables and 20 seats. The applicant indicates an intention to build this within a parklet, which is how they have operated their outdoor seating for the past two years. The Department supports the issuance of an Outdoor Restaurant and Retail permit to the applicant.

Any changes in signage, including signs in the window, and changes to the façade of the building may be subject to review by this Department. The Applicant is reminded that all signs, including re-lettering of the existing signs require a permit issued by the Building Department. Other provisions of the Zoning Bylaw may apply as determined by the Building Inspector.
