Provide details here:

I would like to bring an issue to the Board concerning a bus stop within Park Circle in Arlington Heights for a Private school. I do not know if this Bus Stop is approved or not but it has been there for over 3 years now. This year it has created more traffic concerns due to construction related to gas lines both in Park Circle and on Cedar Avenue. The concern is with people stopping their cars in and around the circle to both drop-off and pickup their kids. I would hope the town could recommend a more suitable place for such a bus stop where no kids walk to it, requiring space for parking. Thank you.
