Re: 320 Appleton Street—Arlington, MA 02476

Dear Arlington ZBA,

I am writing to express my support for the relief sought by my neighbor and homeowners Jennifer Condon and Jim Jordan for a new mudroom entry at 320 Appleton St in Arlington.

I am not a professional builder nor city planner but have seen the plan for the proposed work and think it is aesthetically pleasing and will have no negative impacts on our neighborhood.

It will create a more attractive streetscape and safer entry for Jennifer, Jim and family as they continue to live in their home.

I ask the ZBA to support this request for zoning relief.

Sincerely,  
Elaine Lander
