

I reside at the first house on Grafton St. It is a one-way street. There is a SIGNIFICANT increase of cars exiting the street onto Mass Ave in the WRONG DIRECTION. This is a major safety concern!!! The street is misleading and the signage is terrible. It is not the standard "white arrow black background" sign that goes on TOP OF STREET NAME. it is a white sign UNDERNEATH no one notices!!! Cars are also parking in front of my house in the wrong direction to exit the street onto Mass Ave, which I have witnessed many times. It also signals other people to do so. CHANGE THE SIGN!!!!!! I hear car horns blowing regularly from near ACCIDENTS. Something needs to be changed and addressed immediately or people will be hurt!! It is an active area with mostly people parking on the street for the Capital Theater.
