Hello,

I wanted to express my concern that the proposal to place a natural gas take station at 307 Washington St. appears to be at odds with our town's goal of weaning ourselves off of fossil fuels. Furthermore, I would hate for us to bestow any additional responsibility on National Grid or any subsidiary thereof, given their abnegation of their obligation to deal with the numerous gas leaks that perfume our town.

Best regards,

Caitlin Monaghan

43 Highland Ave.
