Message:

"Hi Colleen, Thank you again for your assistance and all the details you clarified. As discussed, at this point, since the board made it clear that there is no flexibility around the requirement for the driveway to be 25 feet past the corner of the house - and the space is not available - irrespective of whether the Conservation Commission would permit the driveway. I will therefore need more time to consider other options and will not be ready for the meeting next week. Thank you "
